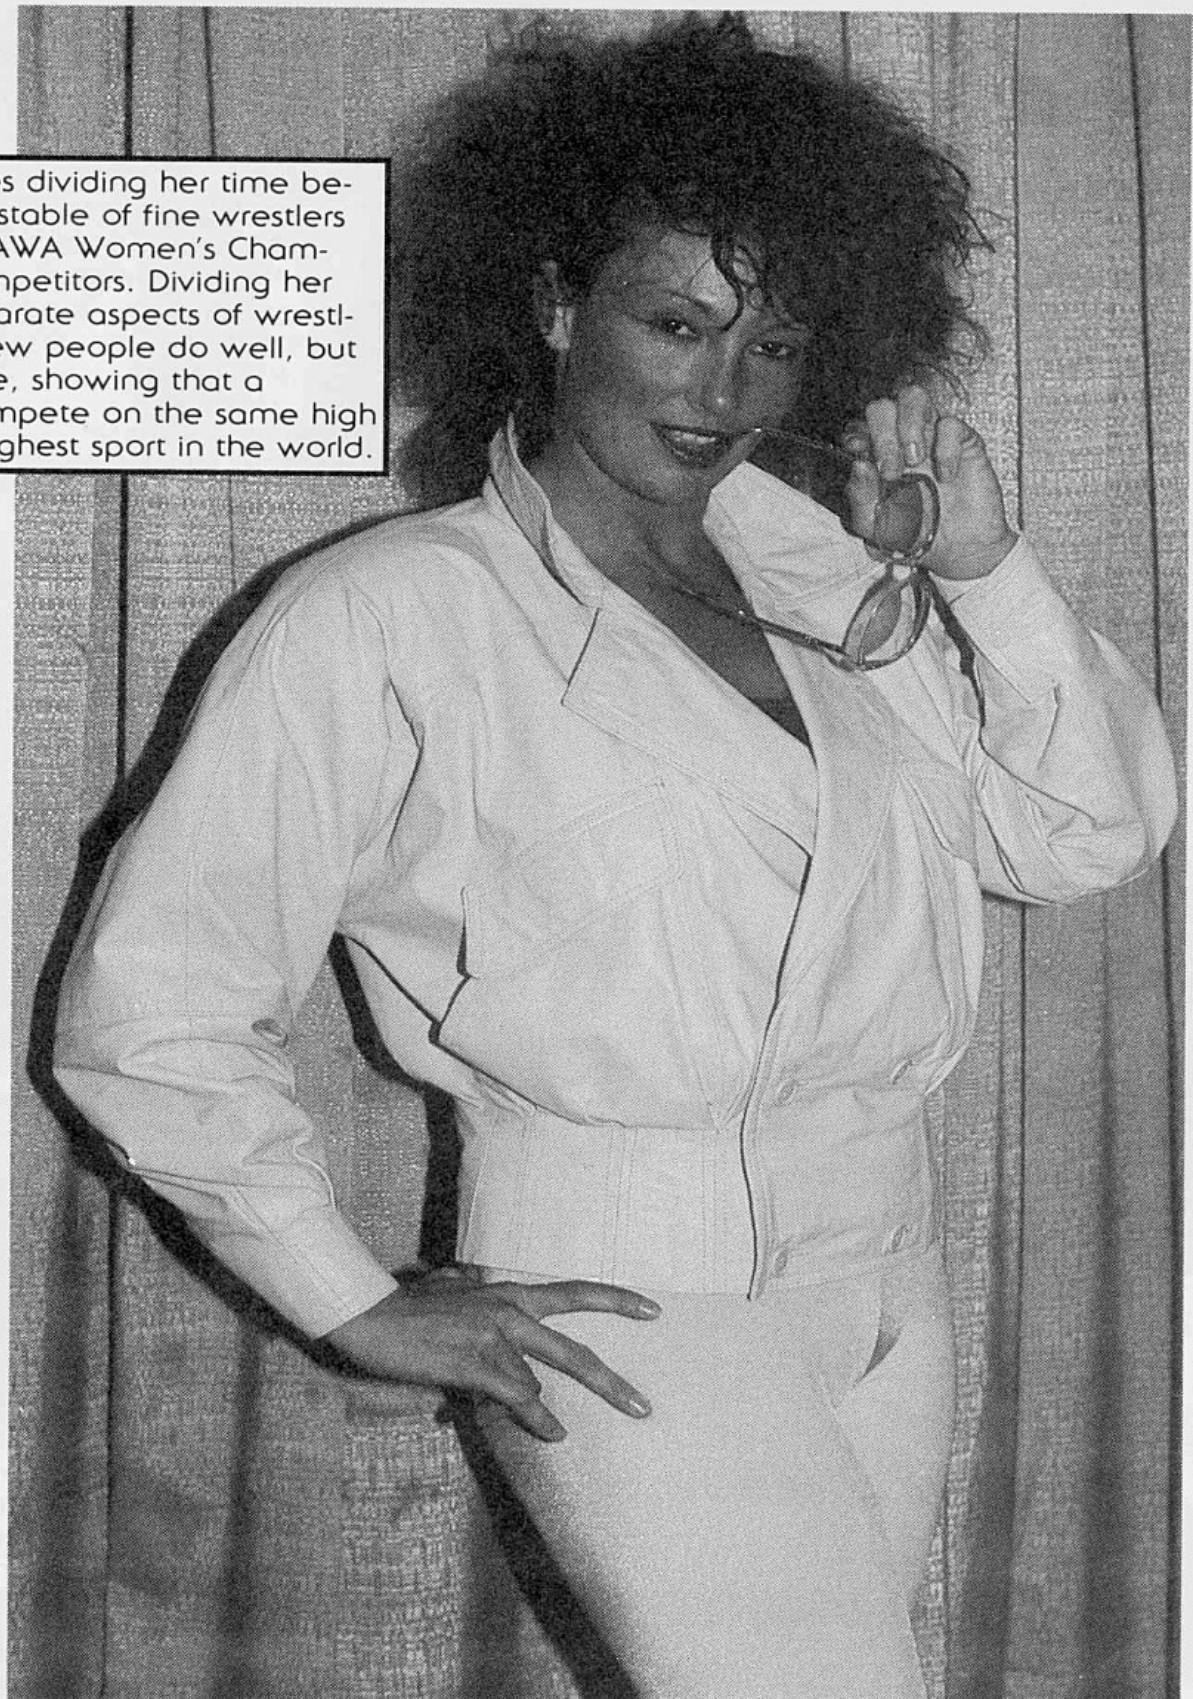
SHERRI MARTEL

Champ in the AWA!

Sherri Martel continues dividing her time between managing a stable of fine wrestlers and defending the AWA Women's Championship against all competitors. Dividing her time between two separate aspects of wrestling is something very few people do well, but Martel does it with ease, showing that a woman can indeed compete on the same high level as men in the toughest sport in the world.



Sherri Martel has been busy managing Rose & Sommers.

Martel is one of the strongest women grapplers on the circuit today!

When her men lost the AWA World Tag Team Championship to the Midnight Rockers, Martel promptly signed "Mr. Magnificent" Kevin Kelly to a lucrative contract in hopes of having her

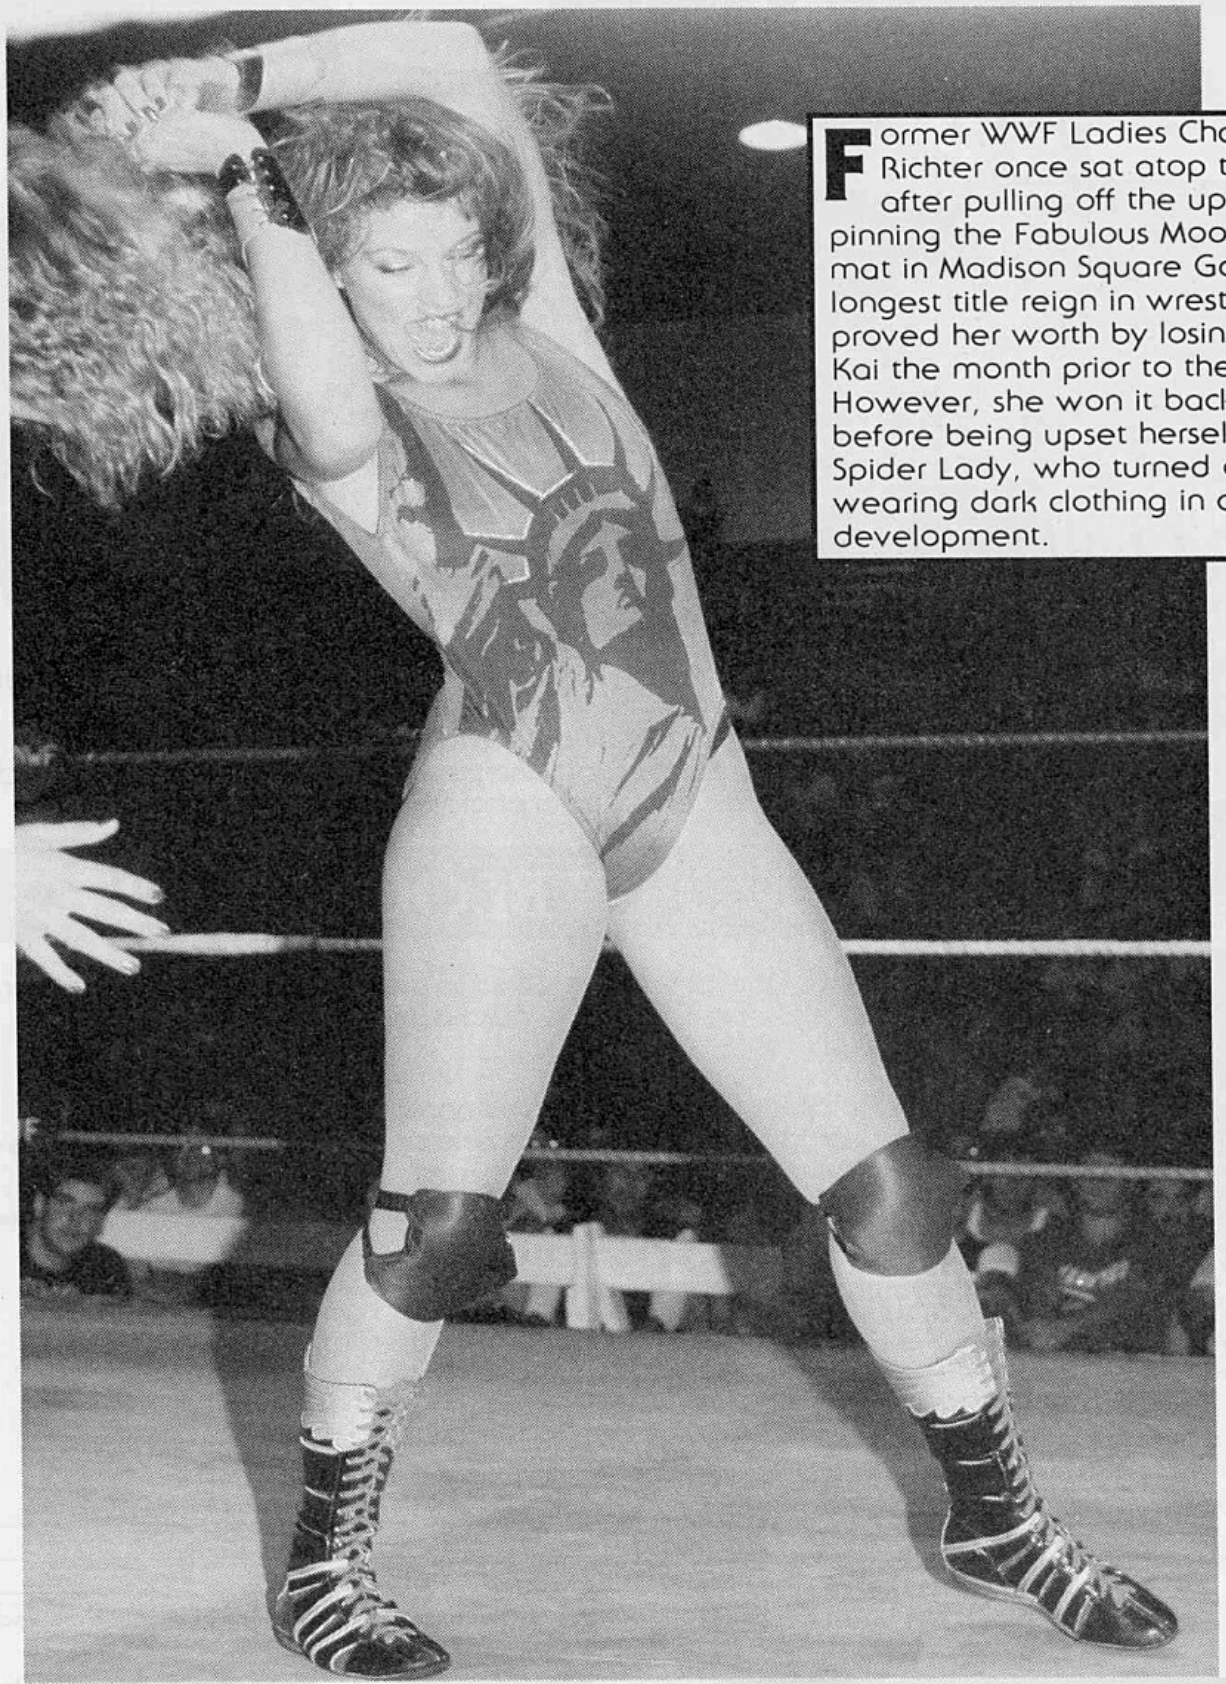
men once again reign supreme. As soon as Kelly became established as a dominating and devastating force, she fired "Playboy" Buddy Rose and formed a new team with Kelly and Doug Somers to go after the titles. She has even had Kelly put Somers on a weight-training program to build up his body, making her men even more powerful.

With upcoming title match against the Rockers as well as challenges from Despina Montegas and newcomer Medusa Micelli for her own title, she remains confident and ready for the upcoming grueling months. Indeed, Sherri Martel is innovative and energetic in addition to being the most successful woman in wrestling.

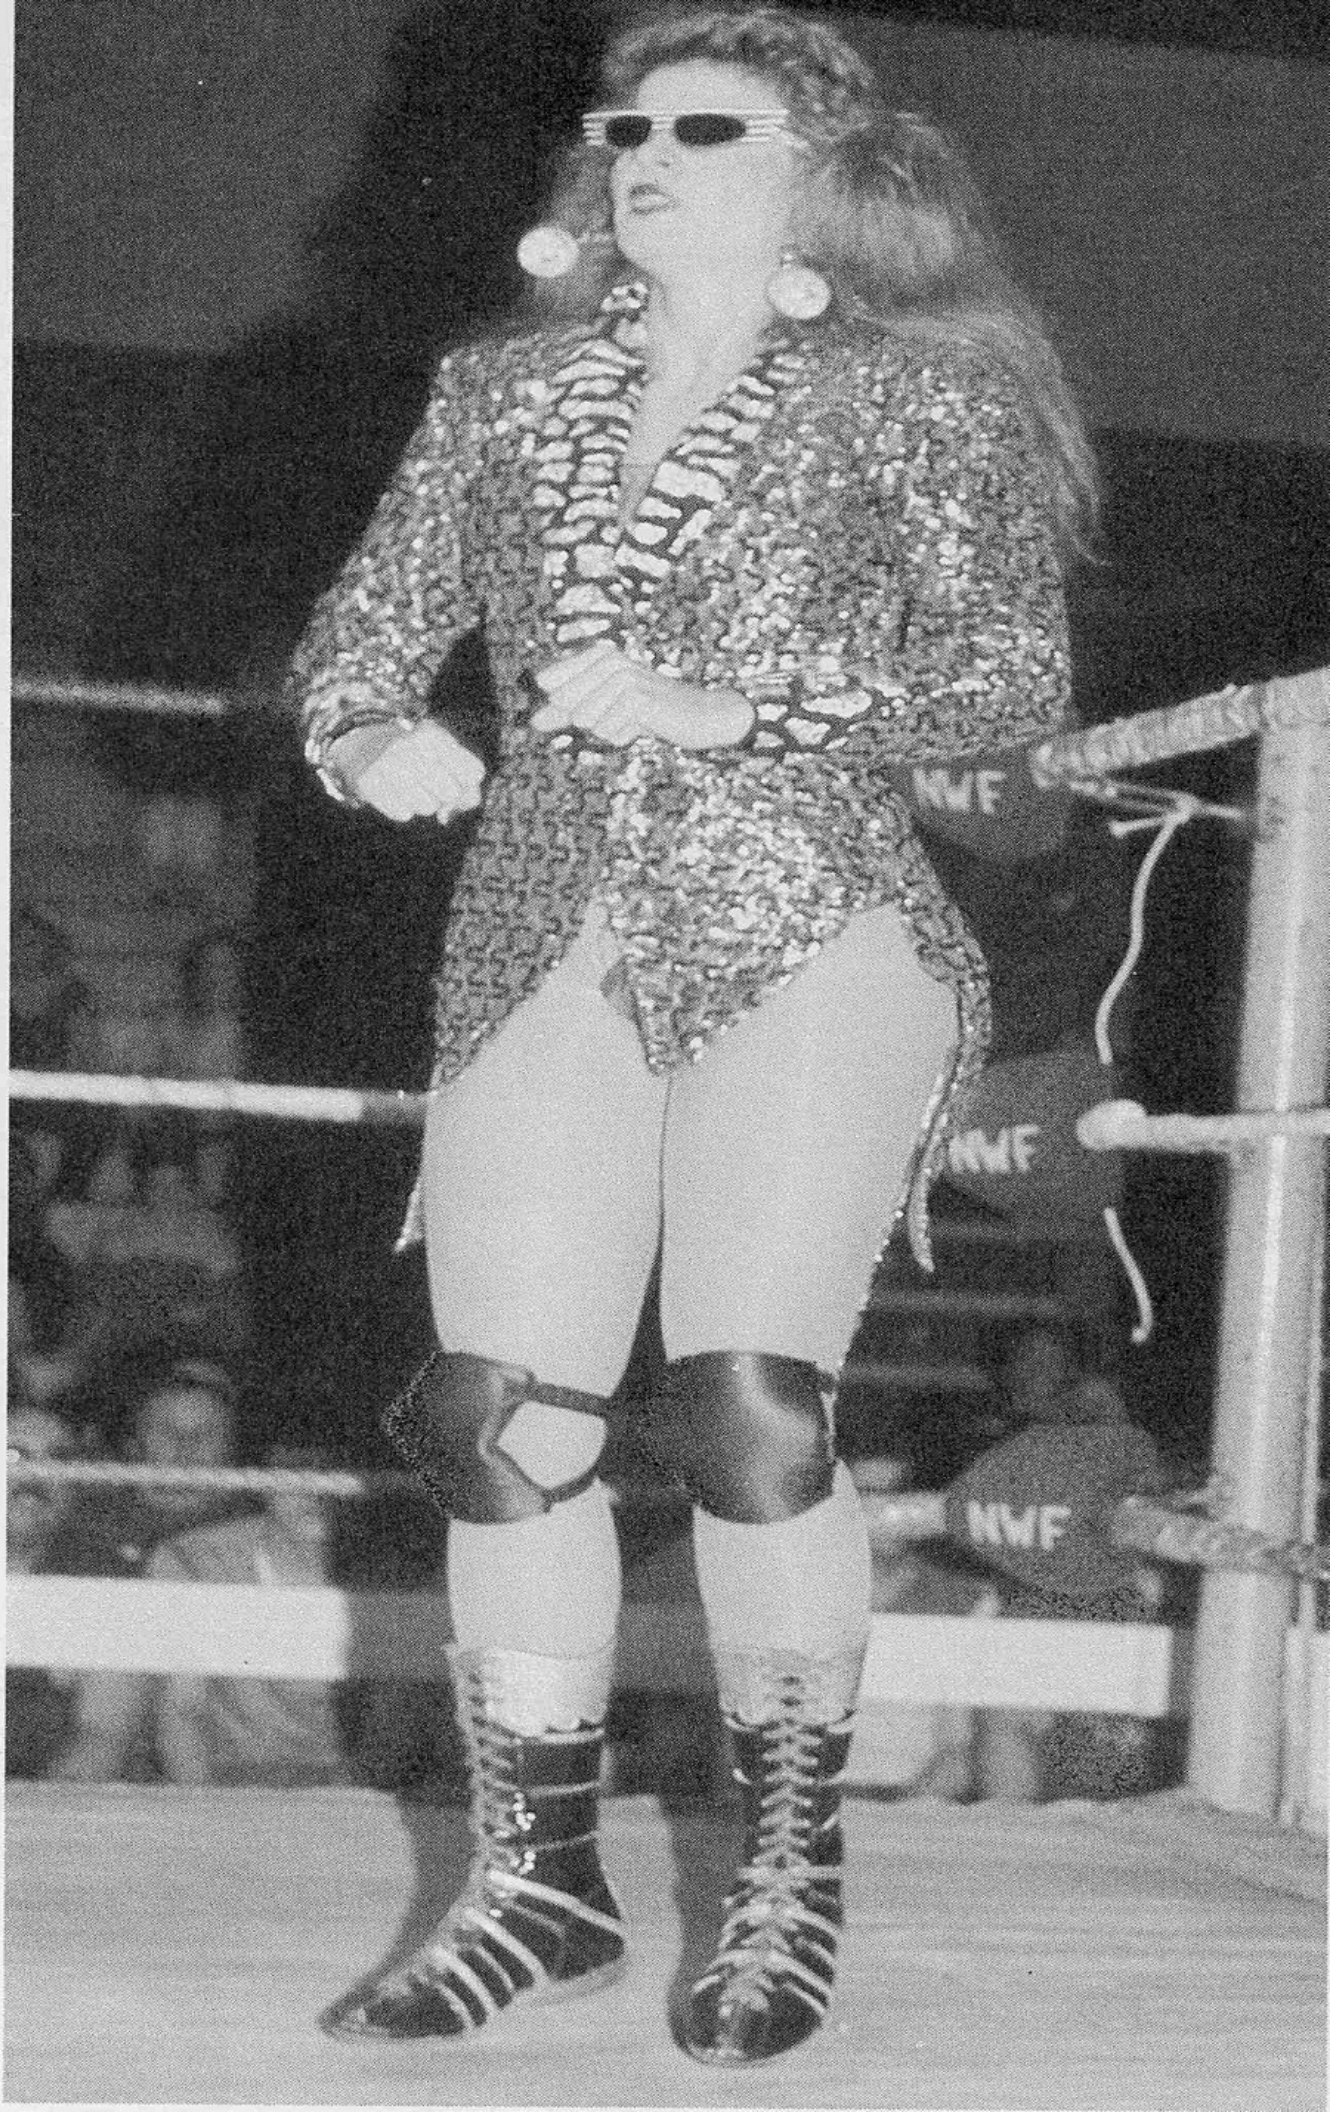
WENDI RICHTER

The legend grows!

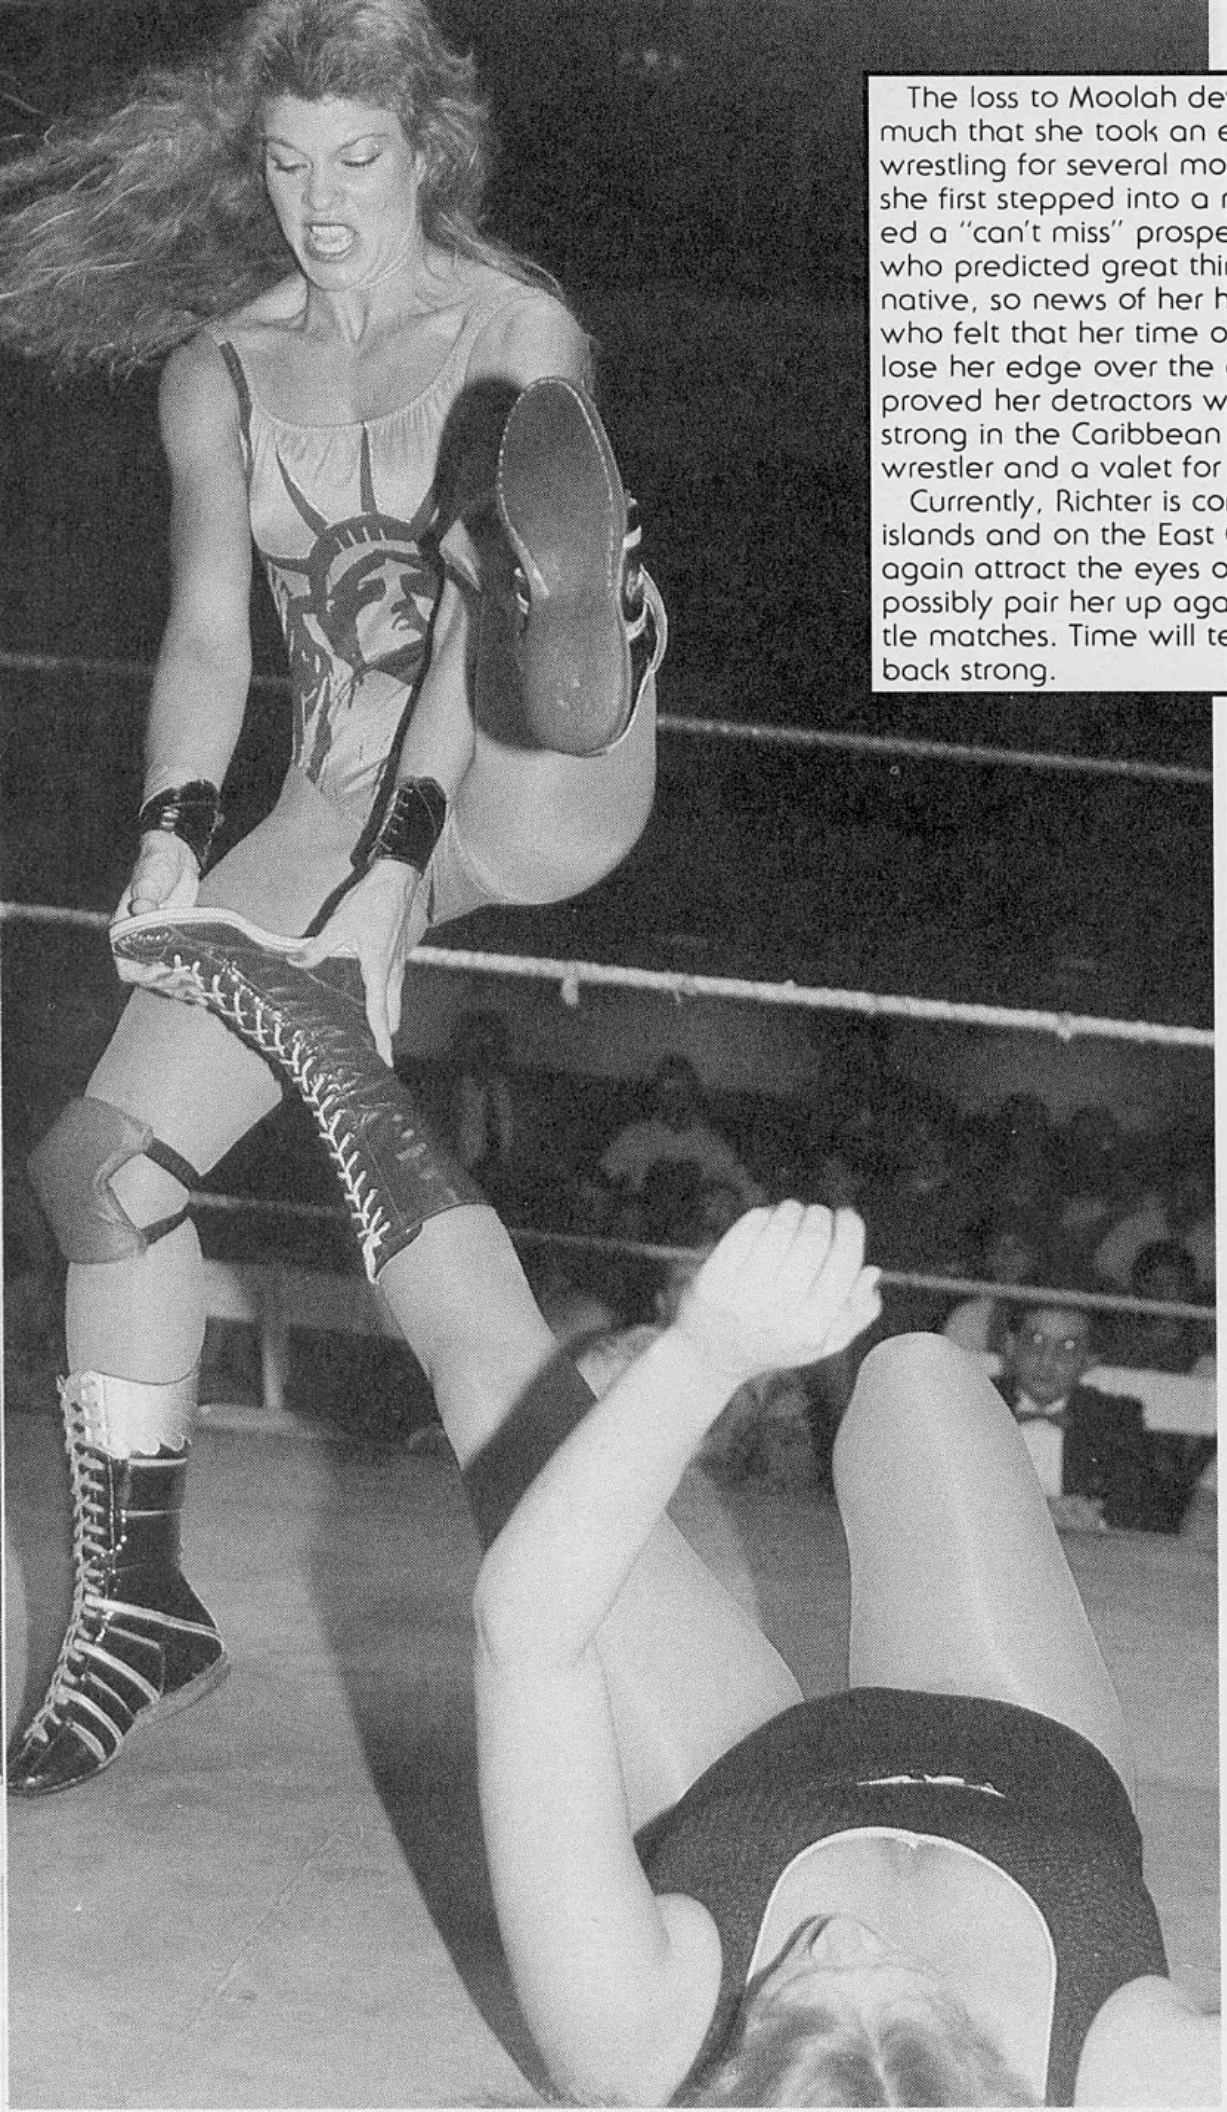


Former WWF Ladies Champion, Wendi Richter once sat atop the wrestling world, after pulling off the upset of the decade by pinning the Fabulous Moolah's shoulders to the mat in Madison Square Garden and ending the longest title reign in wrestling history. Richter proved her worth by losing the title to Lelani Kai the month prior to the first WrestleMania. However, she won it back during the big card before being upset herself by the infamous Spider Lady, who turned out to be Moolah wearing dark clothing in and equally shocking development.

Peggy Lee flips for Wendi!



Ms. Richter has a lot of style and flash!



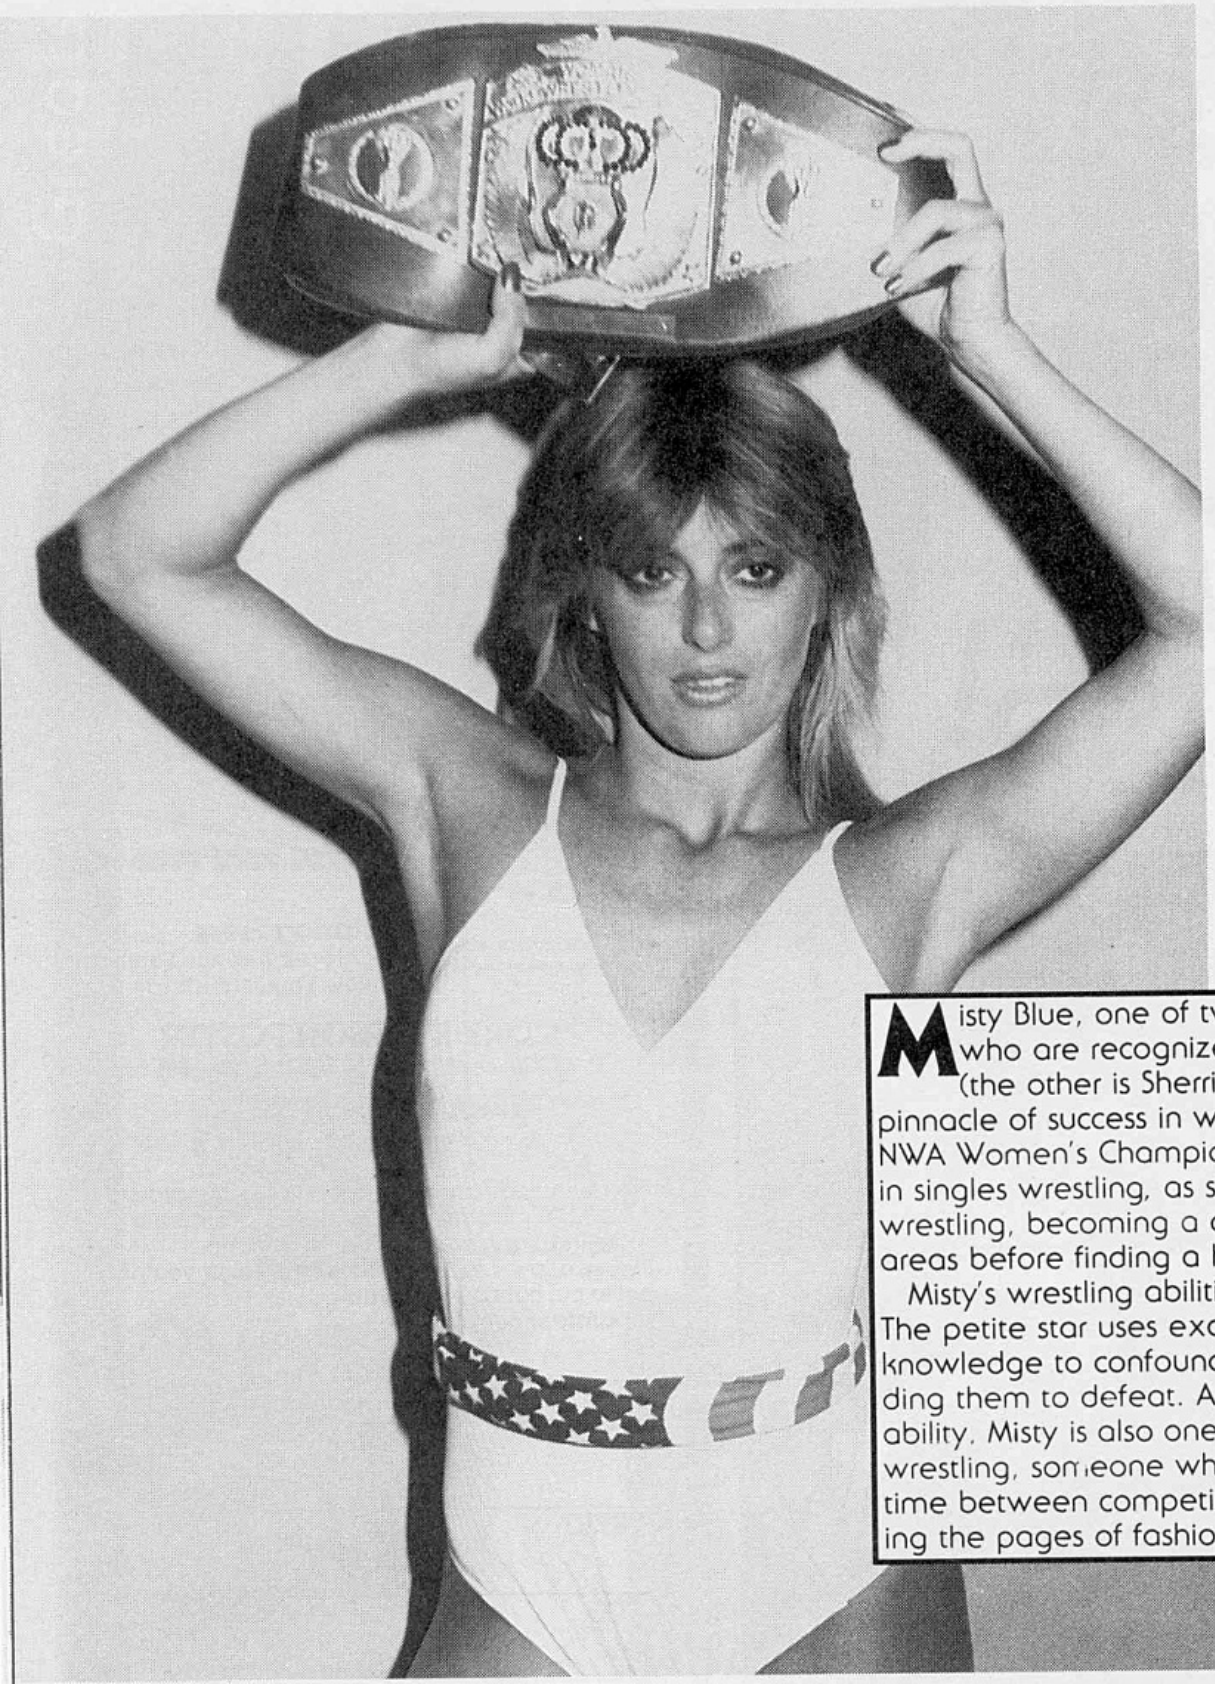
The loss to Moolah devastated Richter so much that she took an extended break from wrestling for several months. From the moment she first stepped into a ring, Richter was labelled a "can't miss" prospect by wrestling experts who predicted great things for the Texas native, so news of her hiatus shocked those who felt that her time off would force her to lose her edge over the competition. Richter proved her detractors wrong by coming back strong in the Caribbean islands as both a wrestler and a valet for the Rock 'n' Roll RPMs.

Currently, Richter is competing both in the islands and on the East Coast, hoping to once again attract the eyes of promoters who could possibly pair her up against Moolah for more title matches. Time will tell if Richter can come back strong.

Wendi R is about to put Peggy Lee in some major league pain.

MISTY BLUE

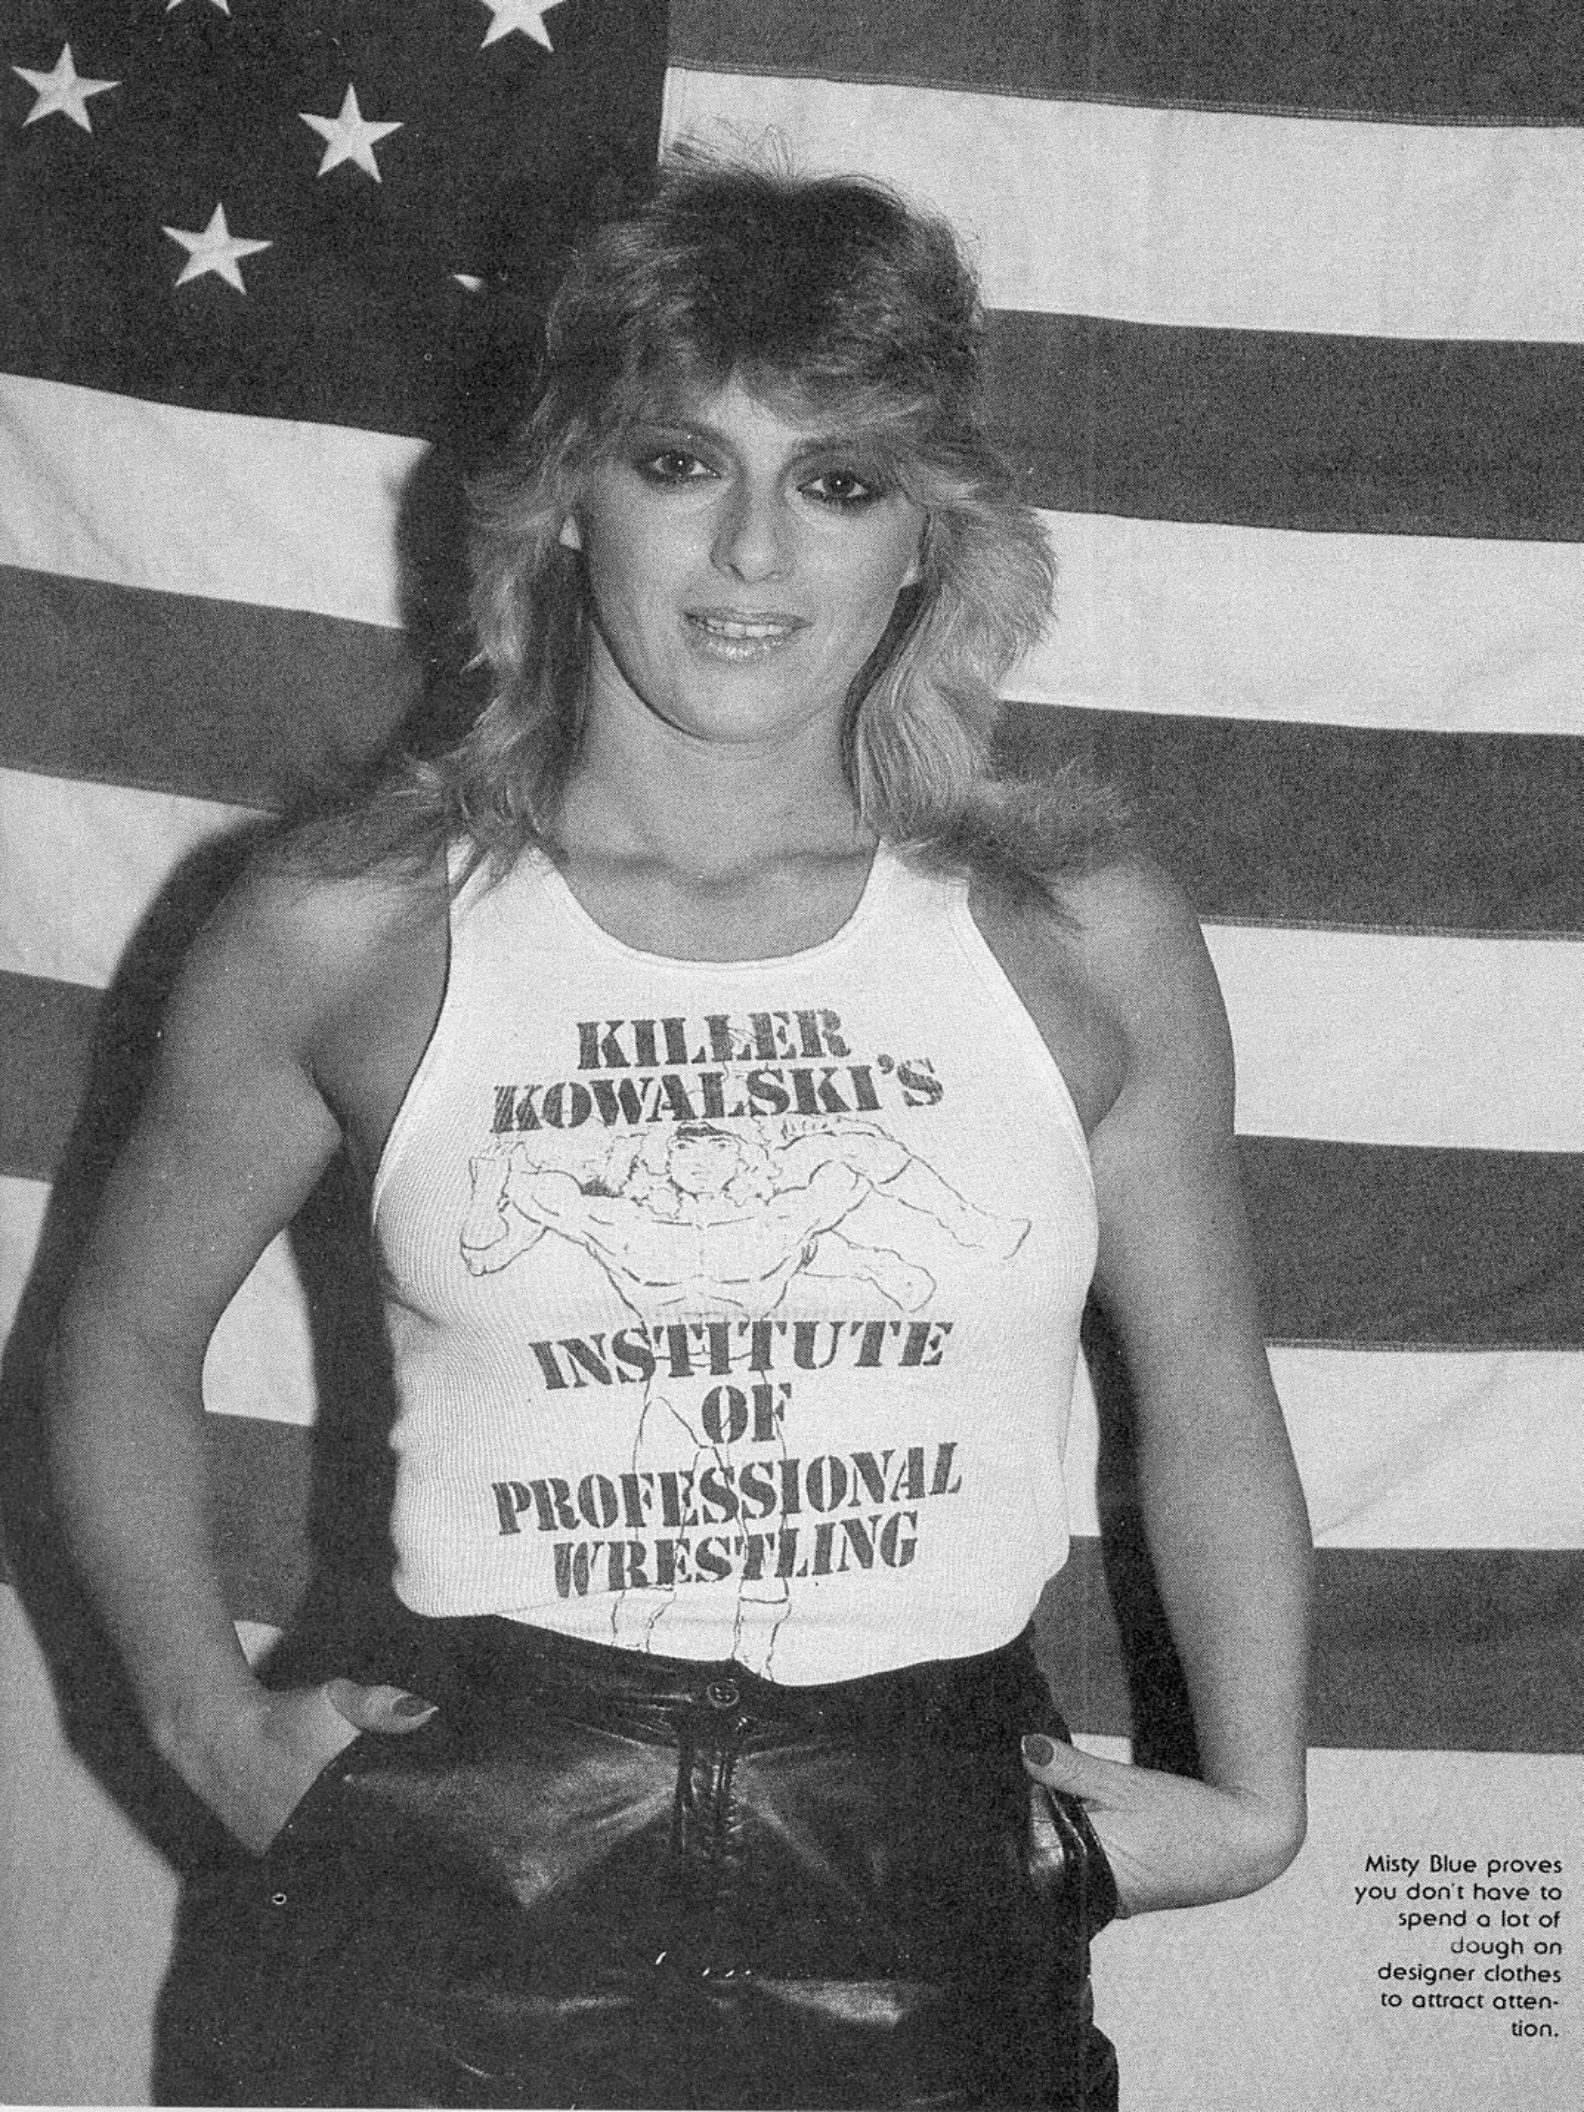
Three cheers for the red, white and BLUE!



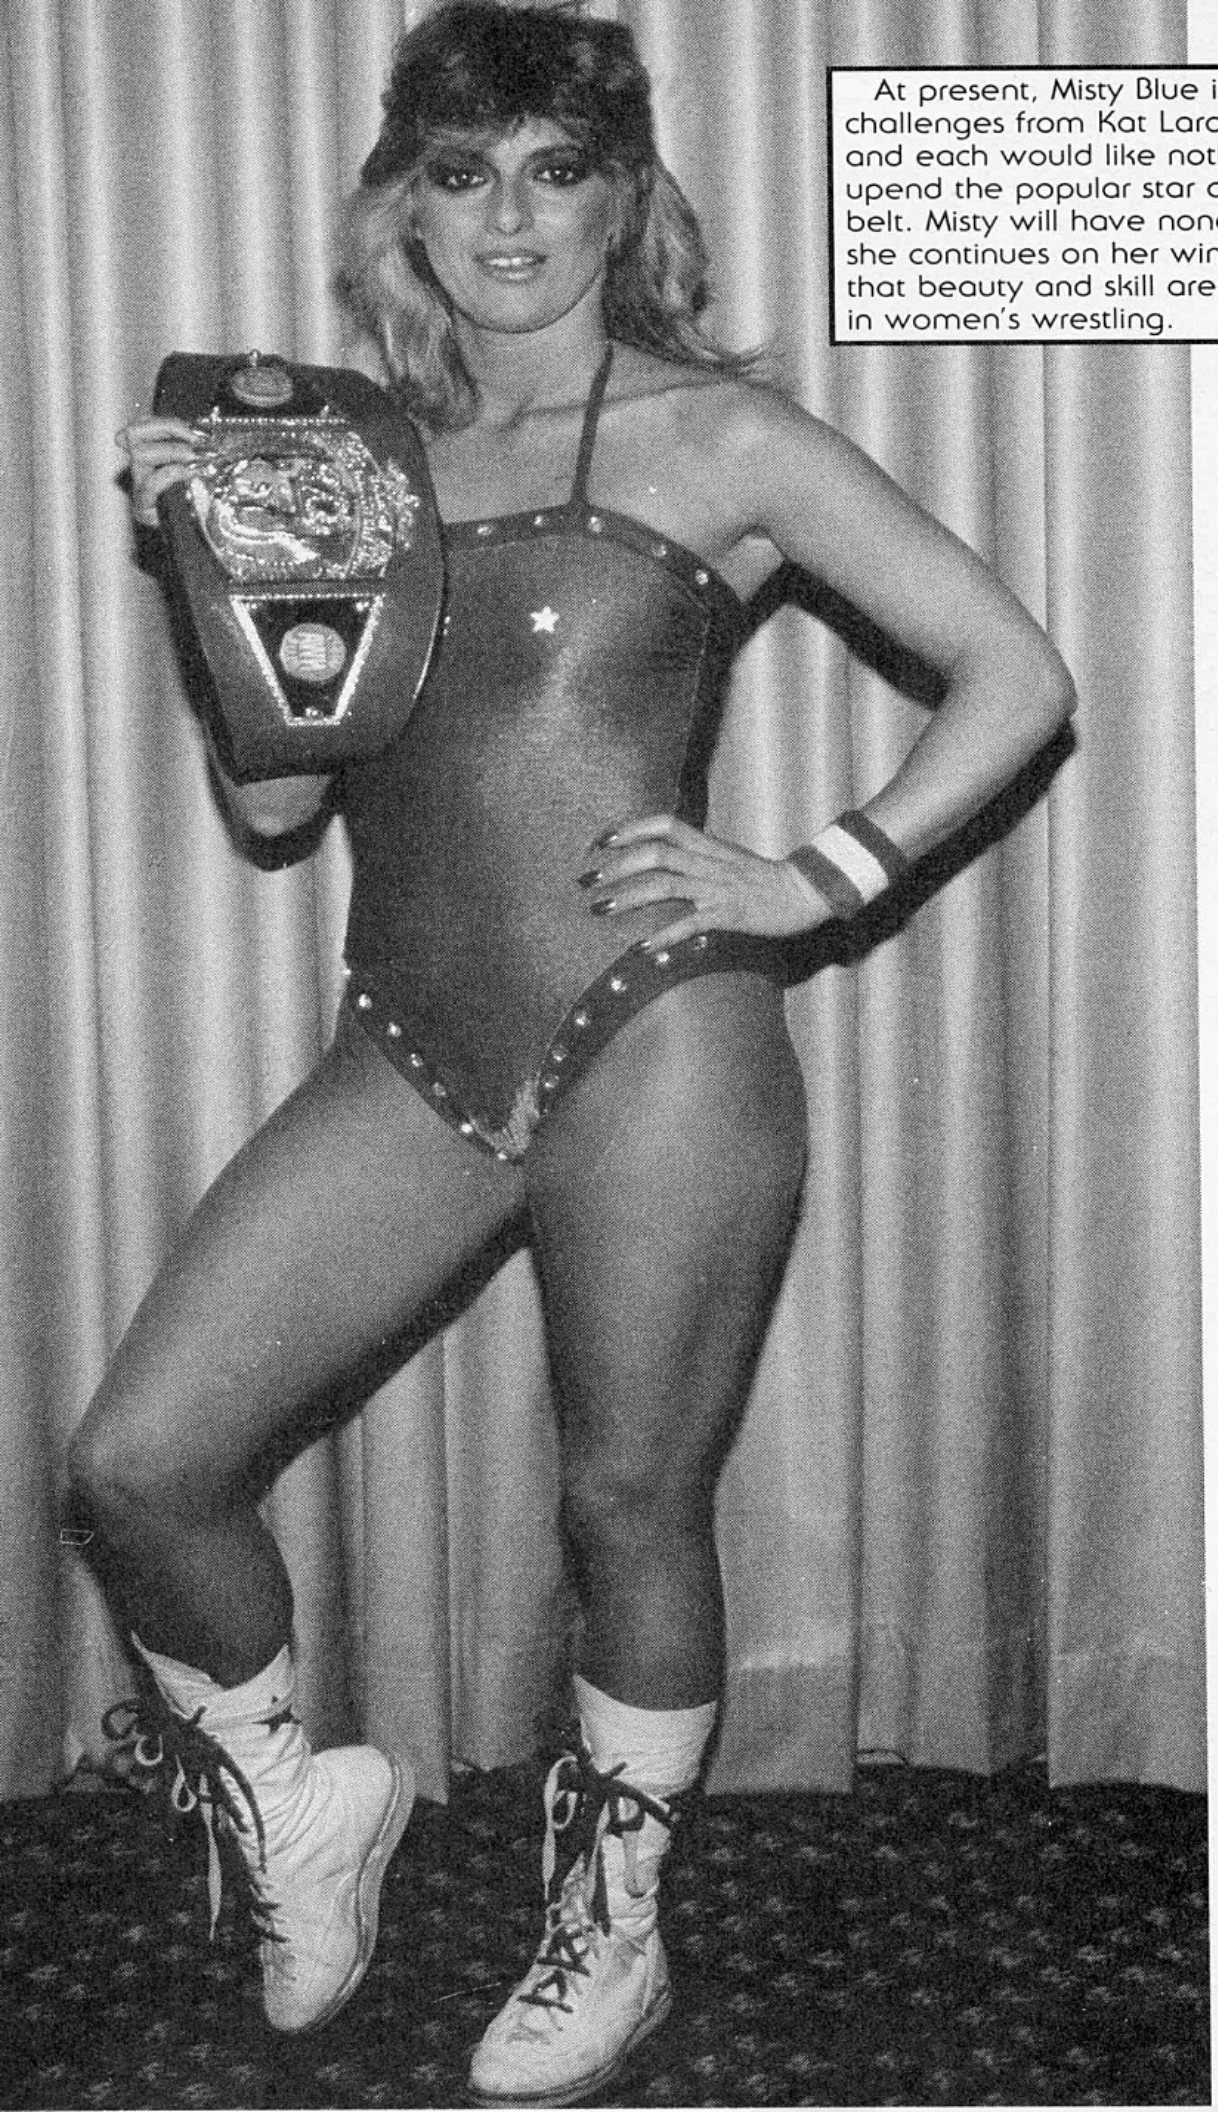
Ms. Blue displays her IWF Championship belt.

Misty Blue, one of two women in wrestling who are recognized as world champions (the other is Sherri Martel), represents the pinnacle of success in women's wrestling. As NWA Women's Champion, Misty has succeeded in singles wrestling, as she has in tag team wrestling, becoming a dominant force in many areas before finding a home in the NWA.

Misty's wrestling abilities are second to none. The petite star uses excellent wrestling knowledge to confound opponents before sending them to defeat. Aside from her wrestling ability, Misty is also one of the foxiest women in wrestling, someone who could easily divide her time between competing athletically and gracing the pages of fashion magazines.



Misty Blue proves you don't have to spend a lot of dough on designer clothes to attract attention.



At present, Misty Blue is facing tough challenges from Kat Laroux and Linda Dallas, and each would like nothing better than to upend the popular star and take away her title belt. Misty will have none of that though, as she continues on her winning ways, showing that beauty and skill are a deadly combination in women's wrestling.

GLOW

The beauties and the beasts!

The Gorgeous Ladies of Wrestling, better known as GLOW, are the best thing to happen to the women's wrestling scene. Although women's wrestling has been around for years, it was always treated as merely an extra added attraction on a wrestling card. The women, for the most part, were unattractive and lacked the mobility of the men.

There appeared to be a change in the right direction during the Rock and Wrestling hype, brought on by Cyndi Lauper, with assistance from Wendi Richter, but for one reason or another, women's wrestling never quite capitalized on the fame and notoriety it received during this time.

Now three years later, thanks to David McLane and his GLOW concept, women's wrestling is thriving. For those unfamiliar with GLOW, a little background is in order. The

The Russian, Col. Ninotchka strides to ringside.

Gorgeous Ladies of Wrestling is a syndicated television show that can now be seen in fifty markeys across the U.S., as well as in Australia, Argentina, Puerto Rico and Germany. The show consists of plenty of wrestling action interspersed with comedy skits and dance numbers. McLane says, "We are a combination of Monty Python, Laugh In, the Best of **Wrestlemania**, and Miami Vice." Throw in a little of **Hee Haw** for good measure, and you have an idea of what GLOW is all about. Actually, wrestling affectionades will be delighted to see that quite

a few of the women really do know how to wrestle. Considering that many have only been at it for a year at best, they would give the Fabulous Moolah and her touring troupe of overweight, unattractive wrestlers quite a run for their money.

Some of the GLOW favorites include: the Farmer's Daughter; the California Doll; the Cheerleaders: Debbie Debutante and Suzie Spirit; Tammy Jones and Tina Ferrari; Ashley Cartier; Americana; Little Fuji and Mt, Fuji. The women you love to hate include: Matlida the

All in all there are thirty-five women wrestlers under the GLOW banner, and each one is different from the others. Yet despite their differences, each is athletic and attractive. If you enjoy the women's scene you owe it to yourself to check out the Gorgeous Ladies of Wrestling. You won't go home disappointed.

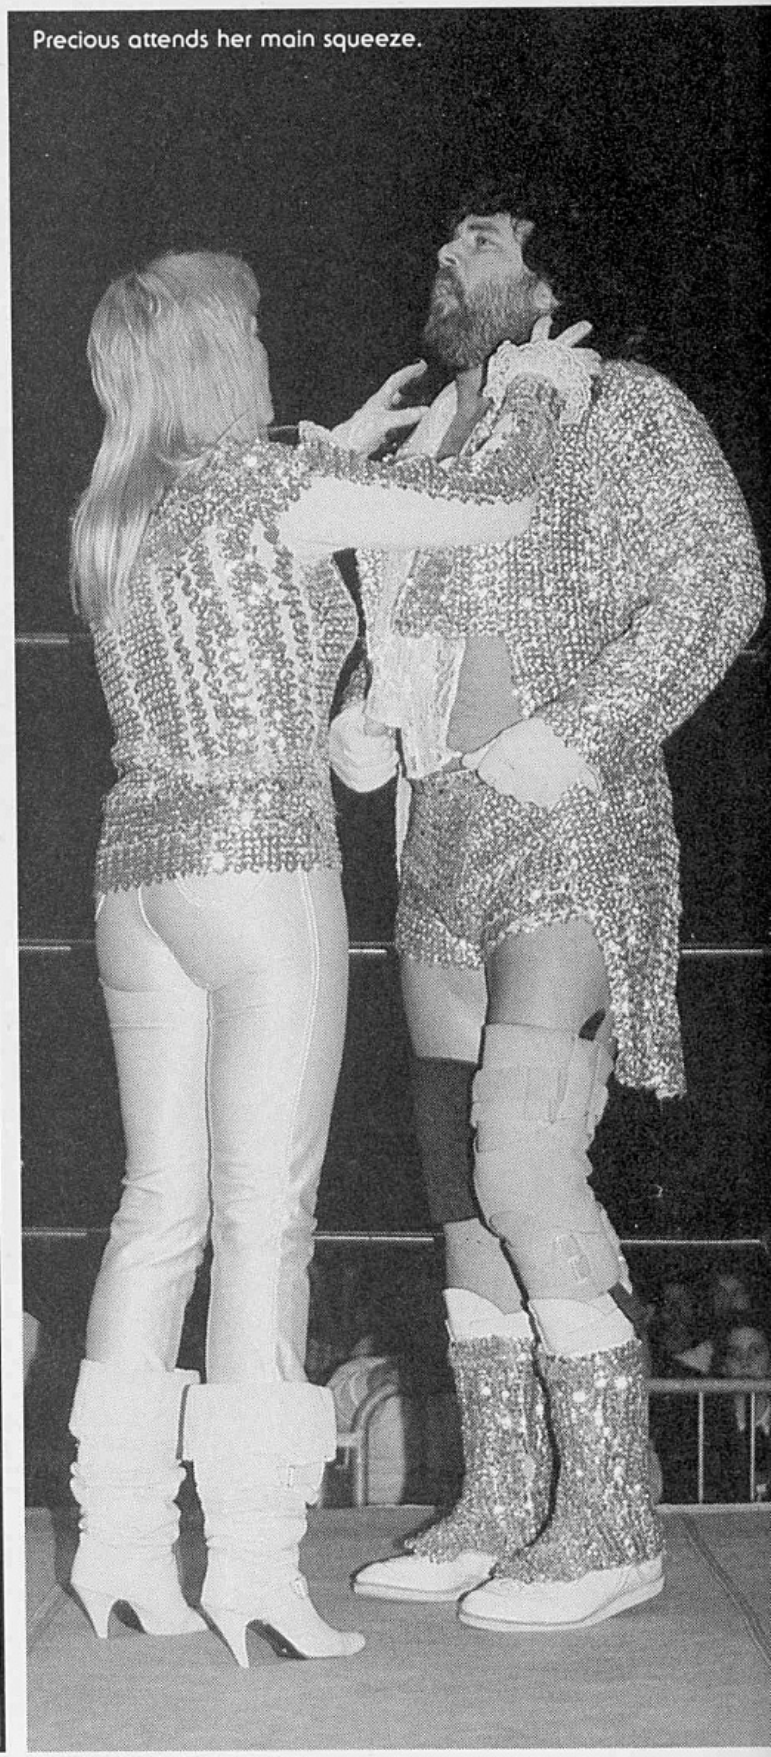
PRECIOUS

Stands by her man!

Precious stands by her man, Gorgeous Jimmy Garvin.



Precious attends her main squeeze.

In the past few months, Precious has gone from being booed loudly by fans to emerging as a champion of women everywhere. She has stuck by Gorgeous Jimmy Garvin, in the face of Ric Flair's attempted romantic overtures toward her. She showed her fiestiness by slapping Flair in the face, and her slyness by accepting a fur coat from him, and then promptly walking off with the coat, leaving the champion with a big hole in his pocketbook.

Flair's entire fascination with Precious comes from something we all knew for a long time: Precious is one of the classiest ladies in wrestling. Not only is she a beautiful woman but she also possesses one of the sharpest minds in the business, coaching Garvin from outside the ring about his opponent's strategy and guiding him toward another win. Whenever Garvin wrestles, you can be sure his squeeze is nearby to lend him moral support and also to help him work his way up in the rankings.

Her loyalty to Jimmy has made Precious an even bigger heroine now that the Garvins are feuding with the Midnight Express in revenge for Ronnie's severe burning. Precious currently divides her time between turning up at the tag matches, helping Jimmy in his title matches against Ric Flair and also acting as Ronnie's valet from time to time. She's become a busy woman, but this only pleases her fans who love seeing Precious at any opportunity.

MISSY HYATT

Turnin' heads in the WWF!

Wrestling's most spoiled young lady has recently undergone a change of scenery. She has moved from the UWF to the bright lights and glamor of the WWF and New York City, where she hopes to catch on as the number one lady in the Big Apple. Hyatt is probably the most sought after woman in the sport by wrestlers and fans alike. Enthusiasts clamor around arenas where she appears to catch a glimpse of the blonde beauty. There, she struts her stuff in her collection of stretch pants and skin tight pullover tops, which show off the most impressive figure in the sport today.

Aside from Missy's obvious beauty, she is also one of the most cunning minds in wrestling. She has succeeded in injuring both Sunshine in Texas and Dark Journey in the UWF before she met her match in each area. Also, Missy has never been above a little interference. After threatening her men with desertion if they could not win matches to please her, her ever-present Gucci bag has been known to secure titles for them.

Since moving to the WWF, Missy's future has been up in the air. She could either change and become a favorite or she could maintain her evil ways and attract male fans despite controlling the rougher element of the area's talents. No matter what Missy chooses to do in the WWF, one thing is certain: She will keep on being the most watched woman in wrestling for a long, long time.

Missy used to be Eddie Gilbert's main squeeze, but now that she's in the WWF, anything's possible!

Missy's settling in nicely in the WWF.

ELIZABETH

Picking up the pieces!

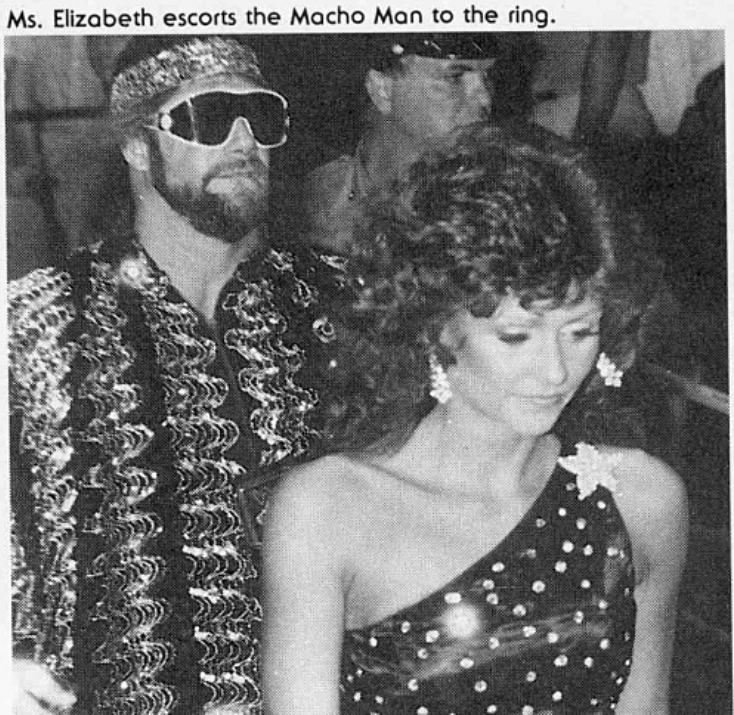
The lovely Miss Elizabeth has seen the Intercontinental Championship slip from her man's hands.

Since Randy Savage lost his Intercontinental Championship to Ricky Steamboat during WrestleMania III, he has turned into an even more crazed maniac, making the job of his manager/valet Elizabeth that much harder. Many people feel that Elizabeth deserves better than the raging Macho Man since the former champion has always treated her like a slave, ordering her around and barking at her in staccato commands.

Now that savage is only a former champion even Elizabeth has said that he has become even more cruel and insensitive to everyone around him and is determined to defeat Steamboat or self destruct in the process. Savage now barks at Elizabeth more often than before, treating her more rudely and subjecting her to even more ridicule than he did when he wore the championship for more than one year. No matter how much Savage yells and takes his frustrations out on Elizabeth, the more she accepts his tantrums in stride and reveals her true class and grace.

The future for Elizabeth looks rocky at best. She must content with Savage's constant outbursts while he tries to get himself back on track as a champion. Elizabeth has her work cut out for her, but she approaches her new challenge with the same style she has always showed.

Ms. Elizabeth escorts the Macho Man to the ring.



Elizabeth cheers for her Macho Man!
